Ahmed Fikry Mohamed

Cairo, Egypt ahmedfikry277@gmail.com +201064368435 in/ahmed-fikry

SUMMARY

Cybersecurity-focused Computer Science student with hands-on experience in network security, penetration testing, and secure infrastructure. Completed training with ITI and DEPI, with practical exposure to enterprise environments at Crédit Agricole. Founder of a fintech startup, bringing strong product thinking and real-world problem-solving into security.

EDUCATION

B.Sc Computer Science

Egypt-Japan University of Science and Technology · Borg Al-Arab, Alexandria · 2026

- Unique program integrating Japanese educational principles.
- Core courses: Data Structures & Algorithms, Cryptography, Network Security, IT Infrastructure, Database Systems.
- Activities: MUN, Enactus-EJUST.

High School

STEM High School for Boys · 6th of October City · 2021

- Activities: TEDx Youth Maadi STEM.

EXPERIENCE

IT & Network Security Intern

Crédit Agricole Egypt Bank **August 2025 - September 2025, Head Office, 5th Settlement, Cairo**

- Configured and troubleshot routers, switches, VLANs, ACLs, and secure protocols while collaborating with senior network security professionals.
- Gained practical experience with FortiGate and Palo Alto firewalls, supporting the team in resolving real-world connectivity and security issues.

Multimedia Designer

Boyot **July 2024 - Present, Garden City, Cairo**

- Produced 15+ animated videos boosting onboarding success by 25%.
- Edited 20+ marketing/demo videos, driving 3× social media engagement.
- Designed 50+ visuals, growing impressions by 40% in 11 months.
- Created branded decks and docs used with 10+ investors/partners.

Co-Founder & Product Designer

Paycoo.app **December 2023 - Present**

- Built an offline-capable digital wallet empowering the unbanked in Egypt and beyond.
- Led product design, UX strategy, and full visual identity, achieving 60% higher beta retention than competitors.
- Shaped product vision and developed features like offline payments; co-created Neuropay, ranked Egypt's top 10 payment tech beta by F6S and PapayaGlobal.
- Pitched to 30+ VCs, incubators, and national stakeholders (incl.
- Central Bank of Egypt), securing $35K+ in grants and prizes.

Multimedia and UI/UX Designer

CodeX Solutions **January 2022 - January 2025**

- Led full company rebranding, unifying visual identity across 6+ platforms.
- Designed UI/UX for 3 websites, boosting session time by 32%.
- Produced 4+ motion graphics campaigns, driving 122% reach growth and 60% more interactions in 2 months.
- Delivered 20+ custom assets and 12+ Instagram stories aligned with marketing goals.
- Collaborated with 7+ clients on multimedia/web projects, achieving 100% on-time delivery.

CERTIFICATIONS

Red Teaming Learning Path

TryHackMe · 2025

- Focused on simulating real attacker behavior across networks and Active Directory environments—covering reconnaissance, initial access, exploitation, privilege escalation, and lateral movement.

Red Hat System Administration I (RH124)

Red Hat Training and Certification • 2023
• Hands-on experience configuring and deploying Red Hat Enterprise Linux; managed security, backups, and user administration.

COURSEWORK

Penetration Testing and Vulnerability Analysis

Digital Egyptian Pioneers Initiative (DEPI) • 2025 • Web Penetration Testing, Network Penetration Testing, and Active Directory
• Web Penetration Testing: Discovered and exploited common web vulnerabilities (e.g., XSS, SQLi, CSRF).
• Network Penetration Testing: Performed reconnaissance, scanning, and exploitation of network infrastructures.
• Active Directory Attacks: Simulated real-world attacks on AD environments, including privilege escalation and lateral movement.

Cybersecurity Summer Internship

ITI (Information Technology Institute) • 2024 • Network Fundamentals, Advanced Networking, Cybersecurity Essentials, Ethical Hacking, FortiGate NSE4, Palo Alto
• Network Fundamentals: strong grasp of core networking concepts
• Advanced Networking: configured networks, OSPF, and EIGRP using Cisco Packet Tracer
• Cybersecurity Essentials: learned foundational security principles
• Ethical Hacking: hands-on with penetration testing, SQL injection, Kali Linux, and Metasploit
• FortiGate NSE4: practical training in network security
• Palo Alto: applied firewall configurations and security policies

AWARDS & HONORS

Graduation Project Fund Recipient (100,000 EGP)

Academy of Scientific Research and Technology (ASRT) • 2026
• Awarded competitive funding to develop a secure V2X communication system using post-quantum cryptography, addressing emerging cybersecurity threats in connected vehicles and future smart transportation systems

2nd Place & Special Award Winner @ Rally Egypt Startup Competition & Special Award Winner from @Shekety

AAST (Arab Academy for Science, Technology and Maritime Transport) • 2024
• Competed and emerged as the winner among 1,200 teams across Egypt.

SU Real Life Competition (2nd Place)

AUC • 2024
• Delivered impactful solutions at the intersection of fintech and entrepreneurship.
• Combined technical insight with business acumen to drive fintech innovation.

Hack '23 Fintech Track

AUC • 2023
• Achieved international recognition for fintech innovation.
• Secured 1st place among 130 teams from 14 countries.
• Demonstrated strong fintech development and entrepreneurial leadership.

Local Winner

Nasa Space Apps Cairo, AUC • 2020

SKILLS

Arabic (Native), English (C1), Japanese (N5)

Network Security, Cybersecurity, Post-Quantum Cryptography, Cryptography, Secure Communication Protocols, V2X Communication, Threat Modeling, Python, C/C++, Bash Scripting, Linux (Kali Linux), Wireshark, Metasploit, Nmap, Burp Suite, Penetration Testing, Vulnerability Assessment, Routing & Switching, VLANs, Subnetting, Access Control Lists (ACLs), Network Troubleshooting, Cisco Packet Tracer, VMware, GitHub
